- Exciting Outdoor Education trips to Camp Eagle, MO Ranch, Philly/D.C., and more!

ABOUT US

OUR MISSION

The St. James Episcopal School mission is to develop each child to his or her fullest potential, spiritually, intellectually, and physically – that each child may grow in grace, enjoy freedom through knowledge, and lead a healthy, productive, and meaningful life.

OUR HISTORY

St. James Episcopal School is a Pre-Primary through 8th grade private school, shaping leaders in Corpus Christi and the surrounding area since 1946. A St. James education provides a unique combination of academic excellence, strong spiritual formation, and sound physical development. Through our premier programs, we are developing scholars of all socio-economic backgrounds, races, and religious affiliations into persons of high moral character and preparing them to be servant leaders in the local and global community.

OUR ALUMNI

St. James graduates may enter high school with six (6) high school class credits including: Spanish 1 and 2, Fine Arts, Algebra, Geometry, and Integrated Physics and Chemistry. Most of our graduates rank in the top 10% of their high school class, and many become valedictorians and salutatorians. All SJES graduates move on to higher education in some of the most prestigious universities in the country.

OUR FACULTY

100% of our teachers are degreed and certified to teach and/or have a Master's degree in their field of instruction.
